

Pain Specialists of America

Dear Valued Patient,

We are writing to inform you that Dr. Derrick Wansom will be leaving Pain Specialists of America and will no longer see patients after August 11, 2022. **A note from Dr. Wansom:** *Six years ago, I was fortunate enough to be offered a position to serve Bastrop for Pain Specialists of Austin. It has been a pleasure to help you with your pain over the past six years. I unfortunately will be leaving Pain Specialists of Austin in August to pursue another venture.*

If you have any questions or concerns about your care, you can contact Dr. Wansom at 512-377-9890.

Your medical records will remain with the office where you received care, but should you desire, you may obtain a copy of your medical records or have your medical records transferred by calling or visiting our Bastrop clinic at the telephone number and address below

We are excited to announce that Dr. Jason Lo from our Waco office will be taking over your care in the Bastrop office. Dr. Lo looks forward to meeting you in the future and providing you with the same high-quality pain care you expect. Pain Specialists of America, along with Dr. Lo and our entire care team, continue to be available to provide your pain care needs.

TEAM ORIENTED

COMPASSIONATE

INNOVATIVE

Jason Lo, MD is a fellowship trained pain management physician. Graduating with highest honor, he majored in electrical engineering at UT Austin. He gained surgical experience as an orthopedic surgery resident before completing his anesthesiology residency at Baylor Scott & White Health Center in Temple, TX. Dr. Lo then completed his pain fellowship training at Columbia University in New York City.

Dr. Lo is an auto-pedestrian survivor and can personally relate to many treatment and rehabilitation processes experienced by many pain patients. In addition to his practice and personal experience with pain, Dr. Lo has published articles in peer-reviewed medical journals and presented at national conferences on topics related to pain management. He believes in an individualized and multidisciplinary approach to reduce his patient's level of pain and to increase their function and quality of life.

In his free time, Dr. Lo enjoys traveling, playing tennis, basketball, ultimate frisbee, various outdoor activities such as hiking, biking, skiing, and cliff jumping.

Pain Specialists of America is an interventional pain management group with top physicians in the specialty of interventional pain management. Many of our physician leaders have trained at the nation's most prestigious medical centers in the country, like Harvard Medical School and the Cleveland Clinic. We offer services at 15 convenient office locations in Central Texas along the I-35 corridor from Waco to San Antonio. Our expert physicians and their care teams develop treatment plans from a host of multidisciplinary approaches and offer the latest advanced interventional options available. Our Individualized treatment programs are designed to improve your quality of life, allowing you to return to normal daily functions as quickly as possible.

We understand that you have the right to choose your healthcare provider and hope you will continue choosing us for your future healthcare needs. Please do not hesitate to contact us if you have any questions or concerns regarding this transition.

Thank you,

Pankaj Mehta, MD
